

Mission Statement

The mission of the JCDA is to promote, develop and advance economic development of Jefferson County, its citizens and its industrial complex.

Our organization provides the following services in our community:

- Encouraging and assisting Eastern Panhandle entrepreneurs through loans, investments and other business transactions in the locating of new business and industry within Jefferson County.
- Rehabilitating and assisting existing businesses and industries in the county.
- Stimulating and promoting the expansion of all kinds of industrial and commercial opportunities.
- Advancing business and industrial development, maintaining the economic stability of the county, providing maximum opportunities for employment and improving the standard of living for Jefferson County residents.
- Cooperating and acting in conjunction with other organizations (federal, state or local) to promote and advance industrial, commercial, agricultural and recreational developments within the county.
- Furnishing money and credit, affordable land and industrial sites, technical assistance and other aid as may be deemed requisite to approved and deserving applicants for the promotion, development and conduct of all kinds of business activity within the county (W. Va. Code § 7-12-2).
